Vice-Chancellor's Welcome Message

I take this opportunity to welcome you all to the University of Embu Techno-Innovation Week (TIW) Exhibition, 2024 Edition. The Exhibition will run from 24th to 25th October, 2024 at the University of Embu grounds. The Exhibition will provide an excellent opportunity for technology and innovation sector players to meet and discuss new developments as well as sample state-of-the-art technologies and innovations available in the market, especially for the education sector. The theme of the Exhibition is *“Tech-Driven Education: Bridging The Gap”*.

The University of Embu Techno-Innovation Week will be a unique platform for participants to sample tech-driven solutions for teaching and learning, community service, research, entrepreneurship and commercialisation.

The objectives of the Techno-Innovation Week Exhibition are:

1. To bring together innovative minds, leading technology companies, as well as cutting-edge technologies under one roof to showcase the latest techno-innovations in the market, especially for the education sector.

2. To provide an avenue for engagement between regulators and technology solutions providers for purposes of informing policy and other sector reforms.

I welcome our partners and all interested individuals, to participate in the Exhibition by sponsoring, exhibiting and visiting the exhibition.

For more information, please contact the Exhibition Planning Co-ordinator, Prof. Paul Nthakanio, via **0720487126** or email: tiw2024edition@embuni.ac.ke. You may also reach Ms. Daisy/ Ms. Mercy via 0727933950 or email: vc@embuni.ac.ke.

Kindly, register to participate using the link: <https://tiw.embuni.ac.ke/>. For more details visit the TIW website using the link: <https://tiw.embuni.ac.ke/>

Welcome and be part of the new technology-driven revolution!

Thank you

PROF. DANIEL MUGENDI NJIRU, PhD., EBS
VICE-CHANCELLOR
